Overview

The DuPont™ Tyvek® 500 Sleeve Accessory PS32LA. 50 cm long sleeve available in white and in one size. Adjustable arm opening with stitched internal seams. The upper arm opening has blue-coloured thread for identification purposes.

Specially designed for use with Tyvek® apparel, Tyvek® accessories can help offer enhanced protection for body parts that are more exposed to hazardous substances. Applications include: pharmaceutical handling, chemical protection, lead and asbestos abatement/remediation, general maintenance/operations, spray painting and general clean-up, amongst many others.

Tyvek® garments and accessories are composed of flash spun high density polyethylene, providing an ideal balance of protection, durability and comfort. Tyvek® is permeable to both air and water vapour, yet repels water-based liquids and aerosols. It offers an excellent barrier against fine particles and fibres (down to one micron in size), is ultra-low-linting and anti-statically treated. Silicon non-added.

Sold individually - please order the quantity needed.
